Excel

Fountain solution concentrate

Fountain solution for sheetfed presses

Product Features

- One-step sheetfed fountain solution for high quality printing
- For conventional inks as well as UV cure and hybrid inks
- Versatile performance on all sizes and types of sheetfed presses
- Special wetting system allows IPA dosage to be reduced significantly
- Anti-calcium technology for trouble-free running when using coated stock

Advantages of Excel

- Premium formula offers highest possible quality print results on the most demanding jobs, while reducing the requirement for alcohol
- Can be used with conventional inks based on mineral or vegetable oils, or with UV cure inks or hybrid inks, on any type of sheetfed press
- Clean running formulation gives less piling on blankets, rollers with no calcium spots, and eliminates build up on impression cylinders
- Stable ink-water balance with wide latitude of settings

Features	Advantages	Benefits
<ul style="list-style-type: none">• Anti-calcium technology	<ul style="list-style-type: none">• Cleaner rollers	<ul style="list-style-type: none">• Consistent ink transfer
<ul style="list-style-type: none">• Improved desensitisers	<ul style="list-style-type: none">• Prevents picture framing, plates stay open longer	<ul style="list-style-type: none">• Reduced washups and less need for gumming and plate cleaners
<ul style="list-style-type: none">• Advanced wetting system	<ul style="list-style-type: none">• Reduced alcohol, lower water settings	<ul style="list-style-type: none">• Denser colours with improved mileage
<ul style="list-style-type: none">• Compatible with the latest CtP plates	<ul style="list-style-type: none">• Improved run length	<ul style="list-style-type: none">• Optimum productivity

Available pack sizes	5 litre bottle; 20 litre pail; 200 litre drum
Product code	L013046
Application	2 – 3%, that is, 20-30 ml of fount per litre of tap water or treated water e.g. RO water. Dosage for UV or hybrid inks is typically about 0.5% higher than when using conventional inks. Running at 3% will allow significant reduction in IPA dosage required.
VOC content	Zero (100% VOC-free)
Flashpoint	Non flammable

More products. Streamlined access. Greater results.

Flint Group's Print Media division offers a uniquely powerful combination of products, services and expertise; giving you access to the industry's broadest range of pressroom products.

Inks and Coatings. Pressroom Chemicals. Blankets. Sleeves. Consumables.

Rely on us for consistency, reliability and customer focus. Our aim is to make it easier for you to achieve your business goals. With Flint Group products in your pressroom, you can run your business with confidence and peace of mind.

You are welcome to contact us for further information.
