Available pack sizes

1 litre bottles; 5 litre bottles

Product code

L015000

Application

For short term storage up to 12 hours:

Apply Varn Complete to a damp plate using a damp cloth or sponge until the majority of the ink is removed. Buff down the remaining Complete to a smooth thin film using a clean cloth or dry rag

For longer storage:

Apply Varn Complete to a damp plate using a damp sponge. Remove all the ink and wipe the plate with a clean damp cloth. Reapply Complete and buff down to a smooth thin film to eliminate streaks before allowing to dry naturally. Do not use fan heaters or driers as these can harden or crack the protective film

For CtP applications:

Refer to the plate manufacturer for precise directions, although the procedure is usually the same as those detailed above

VOC content

33%

Flashpoint

94 °C

Non-DG – not regulated for storage or transport

More products. Streamlined access. Greater results.
