# Superspeed AC

Fountain solution concentrate

Alcohol replacement fountain solution for high speed heatset web presses

## Product Features

- OEM approved formula tested by FOGRA
- Suitable for all types of heatset ink
- Dynamic surface tension control gives good latitude in ink-water balance
- Reduced feedback in continuous dampening systems
- Low VOC content reduces environmentally harmful emissions and prevents odours in the pressroom

## Advantages of Superspeed AC

- Alcohol replacement formula
- OEM approvals from all major heatset press manufacturers guarantee performance
- Advanced wetters reduce feedback in dampening systems, reducing maintenance and improving control of ink-water balance
- Special Varn buffer eliminates calcium in the dampening system which can build up on rollers and blankets
