Environmental Wash

Blanket & roller wash

Specialty blanket and roller wash for conventional sheetfed inks

Product Features

- Water miscible formula
- Fast evaporation rate
- Special solvent blend of ultra performance non-aromatic solvents
- Suitable for manual washing and automatic systems, cannot harm rubber or plastic

Advantages of Environmental Wash

- Contains emulsifiers, so water can be mixed into the wash to clean solvent-soluble residue and water-soluble residue
- Evaporates from surfaces quickly to leave the blanket clean and dry for rapid waste-free startups
- Environmental Wash uses unique solvents achieving excellent cleaning power but with no aromatic content so will not harm rubber rollers or blankets – using this wash can greatly extend roller and blanket life
