Plate Plus (white)

Plate cleaner

Heavy duty plate cleaner

Product Features

- Water based emulsion of petroleum solvents and vegetable gums
- Superfine abrasive enhances the cleaning effect without extra rubbing
- Suitable for use with all conventional inks: sheetfed, heatset, coldset
- Improves plate image area ink receptivity; desensitisers used will not cause plate blinding

Advantages of Plate Plus (white)

- Contains no coarse abrasive which would quickly damage fragile plate coatings
- Slower evaporation rate: reduced odour and does not dry off as a thick film before wiping plate clean

The aim of our technical documents is to inform our customers about general values. However, the transferability of general values known from experience and laboratory results to concrete practical applications depends on a number of factors which are beyond our control. We therefore ask for your understanding that this advice document cannot be used as the basis for claims in law. Furthermore, the correct application for each product has to be checked carefully for suitability.
