Journal Wash

Blanket and roller wash

High flashpoint water miscible blanket wash for conventional inks

Product Features

- Suitable for all types of conventional inks – sheetfed, heatset, coldset
- Mix with water to remove all components of glaze – ink, gum desensitiser, buffer salts
- High flashpoint formula

Advantages of Journal Wash

- Can be used with up to 50% water added, to float away paper pile from blankets
- Rapidly dissolves ink and glaze to speed cleaning and minimise press downtime, but will not damage rubber surfaces or printing plates, including CtP images
- Not classified as Dangerous Goods so storage is not regulated
