PROCESS COLOURS & BLACK

PRODUCT CODE	Yellow	11005591
	Magenta	11005592
	Cyan.....	11005593
	Black 1057	11005660

DESCRIPTION The Directory series of process colours and black were developed specifically for use in the production of telephone directories on uncoated paper stocks of very low grammage. The inks are designed on a "single phase" vehicle system to enable fast penetration of paper which facilitates minimal build up on angle bars, extremely low marking and set-off and no blocking in delivery logs to allow for smooth delivery into the bindery system.

FEATURES

- *Fast paper penetration
- *High colour density
- *Sharp dot reproduction
- *Smooth solids
- *Robust lithographic performance
- *Excellent rub resistance
- *Low mist levels
- *Available in pumpable grade only

PACKAGING 1000kg & 1200kg tote tanks, 1000kg fluid bags & 200kg straight sided drums.
Black and yellow are also available in 20 Tonne iso-tainer

SUBSTRATE Low grammage Directory paper stocks down to 36.0gsm
