# 100% Pure Gum Arabic 14° Bé

Natural Sudanese Gum Arabic solution

Powerful plate desensitiser

## Product Features

- Manufactured from the highest quality selected gum “sorts”
- Microfiltered to remove the finest impurities which might otherwise damage plate and press components
- 14 degree Baumé solution flows to a thin film on the plate for sponge application, or ready for buffing down and drying for storage
- Varn 100% Pure Gum Arabic solution does not contain carbohydrate extenders, it is gum Arabic harvested from *Acacia Senegals*, dissolved in water and filtered, for maximum performance and plate protection

## Advantages of Pure Gum Arabic

- Microfiltered for purity
- Contains gum Arabic only, for optimum plate protection
- Effective on all metal lithographic plates
- Eliminates plate sensitivity
