Webspeed AC

Fountain solution concentrate

Alcohol replacement fountain solution for high speed heatset web presses

Product Features

- Suitable for all types of heatset inks
- Reduces feedback in continuous dampening systems
- Broad ink compatibility permits sharp, clean, dense colours
- Low VOC content reduces odours and other emissions in the pressroom

Advantages of Webspeed AC

- Alcohol replacement formula
- Special wetters reduce feedback of emulsified ink in the dampening system, allows better control of ink-water balance
- Uses the Varn buffer system that eliminates calcium build up from coated stock
- Reduces dynamic surface tension, tested on dedicated equipment in the European laboratories of Flint Group
- Reduced waste from faster start-ups, plates remain protected during press stops
