

Ecotech Wash

Blanket wash

For Techniweb automatic blanket washing units

Product Features

- Suitable for all types of conventional web inks – heatset and coldset
- Comes pre-mixed with water to remove all components of glaze – ink, gum desensitiser, buffer salts
- High flashpoint formula
- Microemulsion – contains solvents and water in highly stable pre-emulsified form
- Two versions: Ecotech 80 for most purposes; Ecotech 100 where zero VOC is a requirement
- Slightly viscous formula prevents “misting” of wash, dripping on floors and press components

Advantages of Ecotech Wash

- Water-in-oil microemulsion – will not break the web as the paper “sees” only a solvent-based wash
- Rapidly dissolves ink and glaze to speed cleaning and minimise press downtime, but will not damage rubber surfaces or printing plates, including CtP images
- Microemulsified water removes paper pile and fount residues on blanket
- Not classified as Dangerous Goods so storage is not regulated; safe for use with all heatset ovens

Ecotech Wash

Features	Advantages	Benefits
<ul style="list-style-type: none">• Low odour formula	<ul style="list-style-type: none">• No smell when wash contacts hot blankets	<ul style="list-style-type: none">• Pressroom environment is kept user-friendly
<ul style="list-style-type: none">• High flashpoint• Not flammable	<ul style="list-style-type: none">• Non-regulated storage• Safe for heatset ovens	<ul style="list-style-type: none">• Safe in storage, when handling, and in use on press
<ul style="list-style-type: none">• Powerful solvents effective on heatset and coldset ink• Contains water to remove paper pile, fount salts and desensitising gums	<ul style="list-style-type: none">• Fast, complete cleaning of newspaper, directory and commercial web blankets• Solvent and water-soluble residues removed at the same time	<ul style="list-style-type: none">• Reduced maintenance time• Improved print quality
<ul style="list-style-type: none">• Approved by original equipment manufacturer (OEM)	<ul style="list-style-type: none">• Performance and compatibility guaranteed, warranty maintained	<ul style="list-style-type: none">• Use with confidence

Available pack sizes

200 litre drum; 1,000 litre IBC

Product code

Ecotech 80: L011036; Ecotech 100: L011038

Application

Use as instructed by installation engineers for the automatic washing equipment

VOC content

Ecotech 80: 70%; Ecotech 100: zero VOC

Flashpoint

Ecotech 80: 80 °C; Ecotech 100: 105 °C

Approvals

Approved by manufacturers for use with Techniweb ABW
Non-DG – not regulated for storage or transport

More products. Streamlined access. Greater results.

Flint Group's Print Media division offers a uniquely powerful combination of products, services and expertise; giving you access to the industry's broadest range of pressroom products.

Inks and Coatings. Pressroom Chemicals. Blankets. Sleeves. Consumables.

Rely on us for consistency, reliability and customer focus. Our aim is to make it easier for you to achieve your business goals. With Flint Group products in your pressroom, you can run your business with confidence and peace of mind.

You are welcome to contact us for further information.
