

# Technical Data Sheet

## Varn® VWM Wash

Economical water miscible roller and blanket wash for conventional offset inks

### Product Features

- Varn® VWM Wash is a water miscible, one step wash formulated to meet ecological requirements for safety in roller and blanket washes.
- Varn® VWM Wash is water miscible, which means that it does not contain water but readily mixes with water to effectively remove all gum glaze and paper fibres.
- Varn® VWM Wash sells for less than most water miscible washes and for additional economy, it can be mixed with up to 25% water without reducing its cleaning action. This also reduces the evaporation vapours and the total volume of wash used.

### Advantages

- Water miscible.
- Plate safe on majority of negative/positive printing plates.
- Economical.
- ISEGA certified.

# Varn® VWM Wash

Features	Advantages	Benefits
Water miscible	Easily removes both water soluble and solvent soluble glaze, blanket piling and lint	One application removes all debris
Economical in use.	Can be used with up to 25% water without reducing solvency power.	Cost-effective.
Suitable for use on blankets and rollers	Versatile	One product for dual application.
Plate safe on wide range of negative/positive printing plates	User friendly.	Varied application..

#### Available pack sizes

10 litres (01F9), 20 litres (01H5), 200 litres (01MP) and 1000 litres (01U0).

#### Product code

KV10-0VMG-#### (final 4 digits relate to pack size).

#### Application

Blankets: Mix with water or apply to a dampened wash-up cloth to remove water soluble and solvent soluble glaze, blanket piling and lint.

Rollers: Use undiluted or mix with up to 25% water to remove gum glaze, paper fibres and lint.

For optimum performance use in conjunction with Varn® Take It Off and Varn® Calcium Deglazer as part of a regular press maintenance system.

Not suitable for use with EPDM rubber compounds.

Follow relevant Good Manufacturing Practice (GMP) guidelines if used for the production of food packaging.

#### Flashpoint

>40°C (AIII).

#### Approvals

ISEGA certified for safe use in the printing process of food packaging materials..

### More products. Streamlined access. Greater results.

We offer a uniquely powerful combination of products, services and expertise; giving you access to the industry's broadest range of pressroom products.
