

Varn® Enviroflex™ System

Patent-pending Anilox Roller Cleaning System

Flexographic Cleaner

Varn's versatile, dependable Enviroflex™ anilox roller cleaning system helps flexographic printers increase up-time, improve quality, decrease costs and simplify cleaning.

Enviroflex Deep Clean cleaner for deep cleaning for first-time users, when shutting down, and/or for situations when only soda blasting helps.

Enviroflex Daily cleaner for less demanding cleaning needs on manual or automatic cleaning systems.

Enviroflex Multiwash cleaner for a wide variety of cleaning applications. Aqueous cleaner with extra detergency and grease dissolving power. Less than 100 grams per liter VOCs.

Enviroflex UV Wash for use on all press surfaces. Water-miscible. Removes glaze and piling. Less than 100 grams per liter VOCs.

Advantages of Varn® Enviroflex™ System

- **Versatile, efficient, mild-alkaline-pH** anilox roller cleaners
- **Reliable** cell depths reduce need for ink adjustments, saving on consumption
- Virtually **eliminates the need for soda blasting**, saving downtime and costs
- Can **reduce cleaning times** by up to 40%
- **Increases capacity** by decreasing the need for skip feeding on large solids
- **Ecologically friendly**
