Availability

• ISO 2846-1 compliant process series
Ideally suited for gloss and matte coated paper and boards. Additionally suited for uncoated Paper & Board.

Duct fresh. Extremely fast setting.

The benefit of Novavit® F 700 SPEED PLUS is rapid and reliable converting of printed sheets due to the exceptionally fast setting speed.

Not suitable for food packaging without functional barrier.

The assessment of the colour properties was made under standardized printing conditions. In individual cases, under special conditions, as in printing with very high ink densities, the classification of certain properties may be different.

Substrates
Ideally suited for gloss and matte coated paper and boards. Additionally suited for uncoated Paper & Board.

Drying Properties
Duct fresh. Extremely fast setting.

Remarks
The benefit of Novavit® F 700 SPEED PLUS is rapid and reliable converting of printed sheets due to the exceptionally fast setting speed.

Exceptions
Not suitable for food packaging without functional barrier.
