Fountain solution concentrate

Fountain solution for newspaper presses

## Product Features

- Suitable for all types of dampening systems – spray, Turbo, and conventional
- Specially formulated by Flint's US laboratories for all coldset inks
- Allows minimal water settings while maintaining optimum print quality
- Fast, clean start-up
- OEM approved

## Advantages of Newsline 435

- Superior cleaning from FOGRA tested formula gives quicker restarts
- Reduced paper waste
- Effective at low dosages of 2% or less
- Unique wetting profile that allows the product to perform with lower water-dial speeds; this provides a wider operating window, and less total fountain solution is required
- Less than 0.03% VOC under tough US regulations supports efforts to be more environmentally friendly
