# Varn® Multifount Plus

General purpose fountain concentrate, ideal for packaging and folding carton applications

## Suitable for all sheetfed presses

### Product Features

- Varn® Multifount Plus is a versatile fountain concentrate, formulated for use with all inks (including UV and metallics) across a wide range of printing substrates.
- Varn® Multifount Plus has a stable buffer which is suitable for most water conditions, also providing excellent calcium control.
- Varn® Multifount Plus's characteristics reduce roller and blanket glaze due to troublesome calcium deposits, while producing a better ink lay for improved print quality.
- Varn® Multifount Plus contains no heavy transition ions which have been associated with taint and odour problems.

### Advantages of Varn® Multifount Plus

- Suitable for all ink types.
- Excellent runability when using metallic inks.
- Helps to control troublesome calcium deposits.
- Allows partial IPA reduction.
- Ideal for all printing applications specifically packaging and folding carton.

<ul style="list-style-type: none"><li>Calcium controlling.</li></ul>	<ul style="list-style-type: none"><li>Stable pH buffer system.</li><li>Reduces calcium deposits.</li></ul>	<ul style="list-style-type: none"><li>Extends roller and blanket life.</li><li>Less maintenance required.</li></ul>

**Product code**

KT10-6MPG-#### (final 4 digits relate to pack size).

**Pack sizes**

10kg (01F9), 20kg (01H5), 200kg (01N1) and 1000kg (01U0).

**Recommended dosage**

Between 2% and 4%, depending on local water conditions.

Follow relevant Good Manufacturing Practice (GMP) guidelines if used for the production of food packaging.

**More products. Streamlined access. Greater results.**

Flint Group's Print Media division offers a uniquely powerful combination of products, services and expertise; giving you access to the industry's broadest range of pressroom products.

**Inks and Coatings. Pressroom Chemicals. Blankets. Sleeves. Consumables.**

Rely on us for consistency, reliability and customer focus. Our aim is to make it easier for you to achieve your business goals. With Flint Group products in your pressroom, you can run your business with confidence and peace of mind.

**You are welcome to contact us for further information.**

The aim of our technical documents is to inform our customers about general values. However, the transferability of general values known from experience and laboratory results to concrete practical applications depends on a number of factors which are beyond our control. We therefore ask for your understanding that this advice document cannot be used as the basis for claims in law. Furthermore, the correct application for each product has to be checked carefully for suitability.
