Specifications:

Please see MSDS for specifications on this product

Directions:

For Plate Cleaning:

Apply product to plate using a damp cloth or sponge until the majority of the ink is removed. Buff down the remaining product to a smooth thin film using a soft, clean dry cloth.

For Long-Term Storage:

Apply product to plate using a damp cloth or sponge. Remove all ink and wipe plate with a damp cloth. Re-apply product and buff down to a smooth thin film to eliminate streaks before allowing to dry naturally. Do not use fan heaters or dryers as these can harden or crack the protective film.
