F 760 VISION PLUS

The all-round series for straight-line printing

Standard process inks for sheetfed offset

Product Features

- F 760 VISION PLUS is a duct-fresh, all-round process ink series, with fast setting properties.
- It is suitable for both the latest-generation and older-design presses.
- Due to a new binder system and excellent ink-water stability, good printing performance at high speed is achievable.

Advantages of F 760 VISION PLUS

- All-purpose all-round series.
- Very fast setting.
- Newest binder technology with optimised ink/water balance.
- High process stability.
- Ideally suited for gloss coated papers.

F 760 VISION PLUS

	Fastness properties					Printing properties								
	Light fastness	Alcohol	Solvent mixture	Alkali	Hot-calendering	Dot gain	Gloss	Setting	Oxidative drying	Rub resistance	Rapid further processing	Suitability for gloss coated papers/board	Suitability for uncoated papers/board	Suitability for matt coated papers/board
F 760 VISION PLUS						6	5	6	4	5	6	7	5	5
1 F 760 VISION PLUS Yellow	5	+	+	+	+	1 = Characteristic weakly expressed 7 = Characteristic strongly expressed								
2 F 760 VISION PLUS Magenta	5	+	+	-	+	The assessment of the colour properties was made under standardised printing conditions. In individual cases, under special conditions, as in printing with very high ink densities, the classification of certain properties may be different.								
4 F 760 VISION PLUS Cyan	8	+	+	+	+									
760 VISION PLUS Black, fast blue-toned	8	+	+	+	+									
Light fastness properties according to ISO 12040: from 1 (low) to 8 (high) Fastness properties according to ISO 2836: + = Resistance provided - = Resistance not provided														

Drying properties

Duct-fresh.

Substrates

Ideally suited for gloss coated papers and board. Well suited for matt coated and uncoated papers and board.

Remarks

The main strength of the F 760 VISION PLUS ink series is its outstanding all-round capability. This enables trouble-free printing under almost all conditions. This series was developed especially for straight line printing presses. A considerable advantage of this set is that fast converting can be achieved. Suited for printing work corresponding to ISO 12647-2.

Exceptions

Not for use on food packaging without functional barrier.

More products. Streamlined access. Greater results.

Flint Group offers a uniquely powerful combination of products, services and expertise; giving you access to the industry's broadest range of pressroom products.

Inks & Coatings. Pressroom Chemicals. Blankets. Sleeves. Consumables.

Rely on us for consistency, reliability and customer focus. Our aim is to make it easier for you to achieve your business goals. With Flint Group products in your pressroom, you can run your business with confidence and peace of mind.
