Aquarius AC

Fountain solution concentrate

Fountain solution for sheetfed presses

Product Features

- One-step sheetfed fountain solution for high quality printing
- For conventional inks as well as UV cure and hybrid inks
- Proven performance formula on all sizes and types of sheetfed presses
- Fully alcohol compatible, special wetters allow IPA dosage to be reduced
- Anti-calcium technology for trouble-free running when using coated stock

Advantages of Aquarius AC

- Premium formula offers highest possible quality print results on the most demanding jobs
- Can be used with either conventional inks, or UV inks or hybrid inks, on any type of sheetfed press
- Allows reduced water setting so ink feed can be reduced, less piling on blankets, clean rollers with no calcium build up and lower IPA usage
