

dayGraphica 370 Deco-Print®

Print More Cans...Faster and Better

Productivity is the name of the game when it comes to can printing. The dayGraphica 370 Deco-Print® blanket is tough and resilient enough to go through multiple label changes, yet still deliver the best print quality in the industry. A new adhesive development keeps the 370 in place, yet allows easy, clean removal.

Features

Benefits

Specially Ground Print Surface	• Ideal texture for transferring more ink from plate to metal substrates. Uniform gauge. Better release. Improved print fidelity.
Tough Synthetic Rubber Face Compound	• Runs longer on press. Resists attack from inks and solvents. Reduces costly downtime for blanket changes.
Balanced Adhesive System	• Goes on smooth and easy. Holds tight during extended press runs. Quick, easy removal and cleanup.
Precision-engineered Carcass	• Rebounds quickly at the nip to provide consistent print pressure. Holds gauge longer and resists smashing.

Specifications

Color:

Light Blue

Surface:

Ground

Face Compound:

Solvent Resistant Rubber Blend

Hardness:

75 Shore A

Compressibility Deflection:

0.004" at 145 psi Typical

0.006" at 290 psi Typical

Elongation:

2% @ 57 ppi Typical

Tensile Strength:

315 ppi Typical

Available Gauge:

0.077" +0.001"/-0.000"
