

A woman with dark hair, wearing an orange t-shirt, is shown from the chest up, drinking from a white carton. The carton is tilted, and a large splash of water is depicted around it, with many water droplets frozen in mid-air against a blue background. The top right corner of the image is a solid red semi-circle.

## Premo<sup>®</sup>Pack

Premo<sup>®</sup> building block technology has been developed to fulfil today's requirements and achieve the highest specifications of the liquid packaging market. Premo<sup>®</sup>Pack is formulated to print all common liquid packaging substrate constructions.

Premo<sup>®</sup>Pack consists of a selected series of

- Highly concentrated mono pigmented base inks
- Functional extenders
- Performance enhancing additives
- Overprint varnishes and specialities

**Performance** – high-speed printing, good coverage, clean print, low foaming, low odour, and low maintenance.

**Properties** – the careful selection of technically designed building blocks will give lowest migration and off flavour, rub resistance, water and product resistance, heat and scuff resistance and bleed control.

**Optimisation** of the printing process and ink management is assured.

***Flint***Group

# Premo®Pack

**Premo®Pack** is a series of waterbased inks developed for optimal performance based on Premo®Base IQ plus a combination of extenders and additives as required.

Standard Base Inks	Alternate Inks
Premo®Base IQ Opaque White	Premo®Base IQ Yellow GS
Premo®Base IQ Mixing White	Premo®Base IQ Yellow MS
Premo®Base IQ Yellow	Premo®Base IQ Yellow LF
Premo®Base IQ Orange	Premo®Base IQ Orange RS
Premo®Base IQ Warm Red	Premo®Base IQ Red YS
Premo®Base IQ Red LF	Premo®Base IQ Red
Premo®Base IQ Rubine Red BS	Premo®Base IQ Rubine Red MS
Premo®Base IQ Rhodamine Red	Premo®Base IQ Rubine Red LF
Premo®Base IQ Violet LF	Premo®Base IQ Rhodamine LF
Premo®Base IQ Violet	Premo®Base IQ Blue RS
Premo®Base IQ Cyan	Other specialist pigments are available as technology demands.
Premo®Base IQ Green	
Premo®Base IQ Black	

LF = Light fastness, BS = Blue Shade, GS = Green Shade, MS = Mid Shade, RS = Red Shade, YS = Yellow Shade.  
For specific light fastness and other shade requirements please contact our technical service team for advice.

Extenders	Comments
Premo®Pack X	Extender
Premo®Screen TX	Technical Extender

## The Premo® Concept for dispensing systems

The Premo® System consists of the **Premo®Base IQ** inks plus a standard range of extenders, technical extenders and additives. The Premo®System enables specific properties for the various ink series to be formulated.
